

**COLORADO
CONCEPT
LIGHTING, INC.**
YOUR FULL SERVICE ELECTRICAL CONTRACTORS

Company Information

Our Mission: We are full service electrical contractors dedicated to providing superior professional services in the electrical realm and beyond. Taking into consideration the totality of each project, we only use the finest quality products available to meet our customer's needs and budget. Our commitment to work diligently with our customers is unwavering, as our satisfaction is dependent upon theirs.

Qualifications: Colorado Concept Lighting has been serving Colorado and other states nationwide for over twenty-five years. As one of the first certified installers and technicians of home integration systems in the Rocky Mountain region, our experience is clearly reflected in the work we perform. We are a licensed and insured firm accredited with the BBB and always prioritize quality and safety on the job. Additionally, we employ only licensed electricians and state registered apprentices, and our employees undergo continuous education to ensure they stay current with the latest technologies. We have an extensive background in high-end custom home design/build construction, and specialize in several industry-leading lighting control systems, such as LiteTouch, Lutron and Vantage. Above all, we will be your one-stop shop for all of your project's wiring needs! Some of the services we provide are as follows:

*Residential

- New Construction, Remodel & Service
- Automation & Integrated Control Systems
- Audio Visual Systems
- Green Technologies

*Light Commercial

- New Construction, Tenant Finish, Remodel & Service
- Automation & Integrated Control Systems
